*Use **NO MORE THAN ONE WORD** for each space. You will hear the conversation **twice**.*

Answer all the questions.

Let's Plan and Save Now!

Being financially aware and managing money (21) _____ is important especially when preparing for college. While existing savings are helpful and is a good start, they will not cover all expenses like tuition, books, food, (22) _____ and emergency expenses. To avoid unnecessary financial stress, create a budget that will help to track income from allowances, (23) _____ or part-time jobs while managing expenses wisely. To start making a budget, keep track of expenses by using a budgeting app or spreadsheet to estimate (24) _____ expenses such as RM200 for food, RM100 for transport and setting aside the rest for savings. To save money, take advantage of student (25) _____ and buy second-hand textbooks. In addition to that, there are plenty of ways to earn extra income while studying such as getting part-time jobs, doing freelance (26) _____ work like graphic design, writing, data entry and even tutoring to earn money. Apart from making money while studying, a crucial part of financial (27) _____ is to save at least 20% of any income that you get. A good way to do this is the 50/30/20 rule where we set aside 50% of the income for necessities, 30% for (28) _____ wants and 20% for savings. When we start saving early, even with small amounts, we will build good habits and have emergency (29) _____ when needed. Being responsible is not about limiting enjoyment but making smart (30) _____ in order to have financial freedom in the future.
